Wednesday 1st. of April.

Dear Parent/ Guardian.

Due to school closures, the school meal scheme will now be delivered directly to your home fortnightly. Each child participating in the scheme will receive a parcel of food containing items such as pasta/cereals/tinned goods to the value of €20. To do this, we must pass your delivery address to the School Meal Provider, who will arrange with An Post to deliver to your home. Your delivery address will be kept confidential and removed once normal school begins. If you do not wish for us to pass on your address, please let us know by email to info@moundsioncbssecondary.ie before 3 p.m. today 1st. of April as this is the final deadline. There is no need to contact us if you have already emailed us in relation to this matter over the last few days. We will send out a text over the next few days to inform you of when deliveries will be taking place.

**Kind regards,
Edward Kennedy.**
